YOUR TRUST IS OUR SUCCESS

INTRODUCTION

RAAGAM CONSULTING was established by Mrs. Amrita Priyadarshini in response to need for services which demanded specialized skills, knowledge, professionalism and commitment in background checks, counselling, corporate and personal investigations, Legal Support and IT Security solutions in public and private sectors.

Since our foundation, we have worked hard to establish a consulting company which is a platform for **comprehensive services in Personal investigation, corporate investigation, counselling , background check , Legal Support and IT security solutions**. We follow our philosophy, work ethic, and core company values. Our goal has always been to work with our clients' best interest in mind across all our diversified services. For this reason, we have been able to create a company that is sought after by attorneys, corporate clients, and the public.

We sought out to build the most up-to-date diversified service providers across India and World. We can utilize state of the art equipment and have access to the latest investigative tools and software technologies in investigation, extremely senior lawyers from Supreme Court for Legal Support and motivational speaker and therapist for Counselling. At **RAAGAM Consulting**, our advantage has always been in our ability to merge the best investigative practice, counselling therapy , excellent advixe and topmost software in IT security with the traditional values that have helped our company grow. We believe in conducting investigations with unequalled regard to integrity, an unsurpassed level of diligence, but most of all, an unmatched level of commitment to our clients.

We have worked with clients of great variation. From multi-team law firms to individual attorneys, and from major corporations to small businesses and individuals. No matter the size of our clients or who we chose to work with, our investigative and other services approach never changes . We offer the best services available to help get the results that our clients require. We believe that honesty goes beyond simply telling the truth. To us, honesty is the building block for the future of our business relationships. We seek to find clients who share the same common values and beliefs. Honesty will build the foundation for trust, loyalty, and customer satisfaction.
